→ Transfer Credit

- » Those seeking transfer credit from another accredited postsecondary school while attending Full Sail must submit an official transcript to the Transcript Registrar. To receive transfer credit, students must have successfully completed courses similar in scope and content to Full Sail courses. The submission of a copy of official college transcripts must occur within the first two weeks of attendance at Full Sail. For those classes that begin the first week in a degree program, a copy of official college transcripts must be received before class begins. The right to receive transfer credit for a course is only granted for successful completion of prior education in subjects that have received a grade of C or better. Acceptance of transfer credit may change a student's eligibility for certain types of financial aid.

→ Transfer Credit Information

- » Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at the community college is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. NOTE: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

→ Transfer Credits for students receiving Veterans Benefits

- » **Students Receiving Veterans Benefits**
CREDIT FOR PREVIOUS TRAINING FOR STUDENTS RECEIVING VETERANS BENEFITS

Students receiving veterans benefits with previous postsecondary education must submit an official transcript to the Transcript Registrar for review. Students receiving veterans benefits with extensive work experience may take the test out / final exam in relevant courses to receive credit for previous training. If credit is given or transfer credit is awarded, the training time within the program may be shortened and the tuition reduced accordingly.
