Overview

As new distribution channels for media emerge in the entertainment industry, there is an increasing demand for creative writers who can extend a compelling story to multiple platforms. The Creative Writing curriculum provides you with the opportunity to not only perfect your storytelling abilities but also allows you to understand and implement the transmedia approach that is necessary in today’s entertainment industry. Whether the final delivery channel is a movie theater, television screen, computer monitor, game console, website, or mobile device, you will learn to develop compelling and well-crafted stories that will captivate consumers on multiple platforms. A growing collection of digital tools is available to today’s writers, and the Creative Writing curriculum teaches the most effective way to utilize those tools. You will explore multiple literary storytelling styles and learn how to write for different audiences and mediums. In addition, you will develop leadership, project-management, and research skills, sharpen your technical proficiency, conduct and utilize industry research, and learn how to revise your own work and collaborate with others to enhance your creative works. You will also participate in workshops where you will be writing in a variety of formats and genres to build a strong portfolio of original pieces. In addition to these workshops, project and portfolio courses are threaded throughout the curriculum. These courses are dedicated to providing you with a relevant and comprehensive project-based learning experience throughout your academic journey.

Furthermore, the Creative Writing degree programs help to equip you with the knowledge and tools necessary to be successful creative writers in the fast-paced world of the entertainment industry. Career development modules are woven throughout the curriculum, providing students with systematic opportunities to prepare for their future careers. These modules focus on strengthening different career skills and professional strategies that will assist students with their transition into the entertainment and media industries.

To help you move toward your desired career, the Career Development department has a team of professionals who will help you polish your interviewing skills and resumes. In addition, our Career Development advisors and staff are available for support and assistance throughout your career—not just while you are a student.

ASSOCIATE'S OBJECTIVE

Today's technology professionals require a significant depth and breadth of both knowledge and skills to compete in the growing and dynamic field of information technology. In addition to gaining a foundational understanding of networking, systems, and storage, you will understand how to create software-defined data centers that leverage this technology. The goal of the Information Technology Associate of Science degree program is to prepare you for this field by developing your ability to virtualize information via distributed networks and the cloud. Upon completion of this program, you will be prepared for entry-level positions as server administrators, network administrators, application systems specialists, hardware technicians, technical trainers, and a variety of other positions in the information technology industries.

BACHELOR'S OBJECTIVE

Today's technology professionals require a significant depth and breadth of both knowledge and skills to compete in the growing and dynamic field of information technology. In addition to gaining a foundational understanding of networking, systems, and storage, you will understand how to create software-defined data centers that leverage this technology. The goal of the Information Technology Bachelor of Science degree program is to prepare you for this field by developing your ability to virtualize information via distributed networks and the cloud.

The mission of the Information Technology Bachelor of Science degree program is to prepare you for entry-level positions in the information technology field with the expertise to define and develop the virtualization and interconnection of data, media, and applications.
Full Sail University, located at 3300 University Boulevard, Winter Park, FL 32792, Facility Code 21970110, in accordance with Title 38 U.S. Code § 3679 subsection (e), adopts the following additional provisions for any student using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA.

The University will not:

• Prevent the student’s enrollment;
• Assess a late penalty fee to the student;
• Require the student to secure alternative or additional funding;
• Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, students will be required to:

• Produce the VA Certificate of Eligibility (COE) by the first day of class;
• Provide a written request to be certified;
• Provide additional information needed to properly certify the enrollment as described in other institutional policies.

This addendum is true and correct in content and policy. Full Sail University officially adopted this policy in September 2014, but is publishing this statement as part of this addendum and will include this policy in the next edition (November 2019) of its Catalog.

VA Pending Payment Compliance

International students who are studying on the F-1 visa are required to complete at least one full Academic Year (2 semesters) to be eligible for an annual vacation. An annual vacation is allowed only once per year. Students are required to complete the required form with a Student Advisor, which must include the following information: specific reason for the annual vacation, date annual vacation starts (must be equal to the first scheduled class day missed), and date of return to classes (cannot exceed 90 days). F-1 students must intend to register for classes in the academic term following their annual vacation. Annual vacations must be approved by the student’s Academic Advisor and Designated School Official (DSO). Only students who maintain their F-1 status and satisfactory academic progress with a GPA of 1.0 or higher will be granted an annual vacation. Students not communicating and/or not returning to school at the scheduled end of an official annual vacation will be dismissed, and their F-1 visa will be terminated.

International students who are studying on the F-1 visa in the Intensive English program, and who qualify for an annual vacation, must receive annual vacation approval from their Intensive English Program Director, in addition to their Academic Advisor and Designated School Official (DSO).
