60+ CLASSROOMS

110+ STUDIOS & LABS

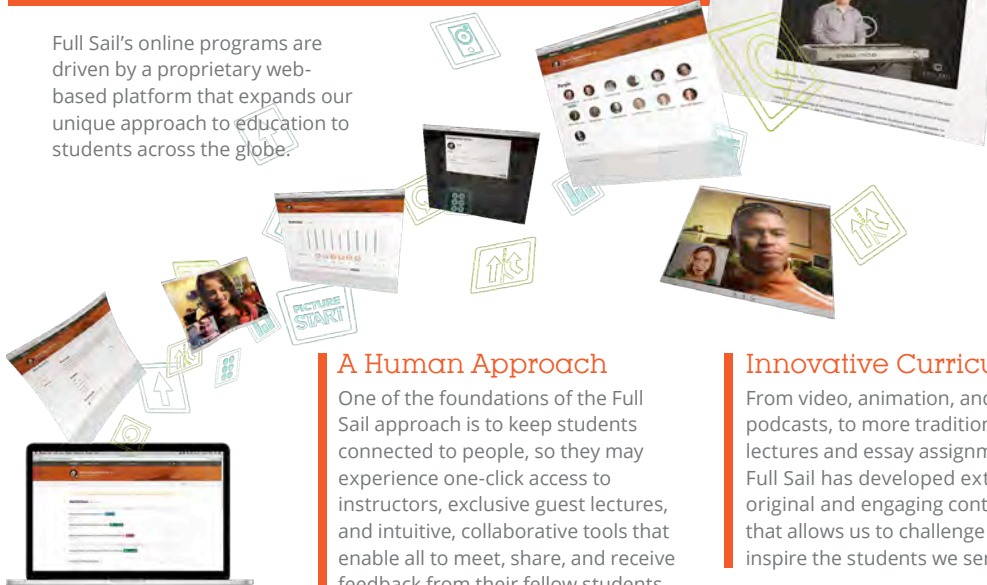

210 ACRES OF CAMPUS SPACE

880,000+ SQUARE FEET OF REAL-WORLD MEDIA PRODUCTION FACILITIES

## Full Sail Online

Full Sail's online programs are driven by a proprietary web-based platform that expands our unique approach to education to students across the globe.

### A Human Approach

One of the foundations of the Full Sail approach is to keep students connected to people, so they may experience one-click access to instructors, exclusive guest lectures, and intuitive, collaborative tools that enable all to meet, share, and receive feedback from their fellow students.

### Innovative Curriculum

From video, animation, and podcasts, to more traditional lectures and essay assignments, Full Sail has developed extensive original and engaging content that allows us to challenge and inspire the students we serve.

### Project LaunchBox™

Through a relationship with Apple, all Full Sail online students, as well as campus students, acquire an Apple MacBook Pro notebook computer loaded with powerful software, all at a deep institutional discount. The Mac is integrated into their curriculum, allowing students to utilize the power of Apple technology to create music, film, games, animation, design, and more.

## 2018 GRAMMYS®

- 50 Full Sail graduates were credited on 55 artists' releases that were nominated in 37 separate categories.
- 17 graduates worked on 11 GRAMMY®-winning projects across 11 categories at the 60th Annual GRAMMY® Awards.
